The History of Palmerton Park

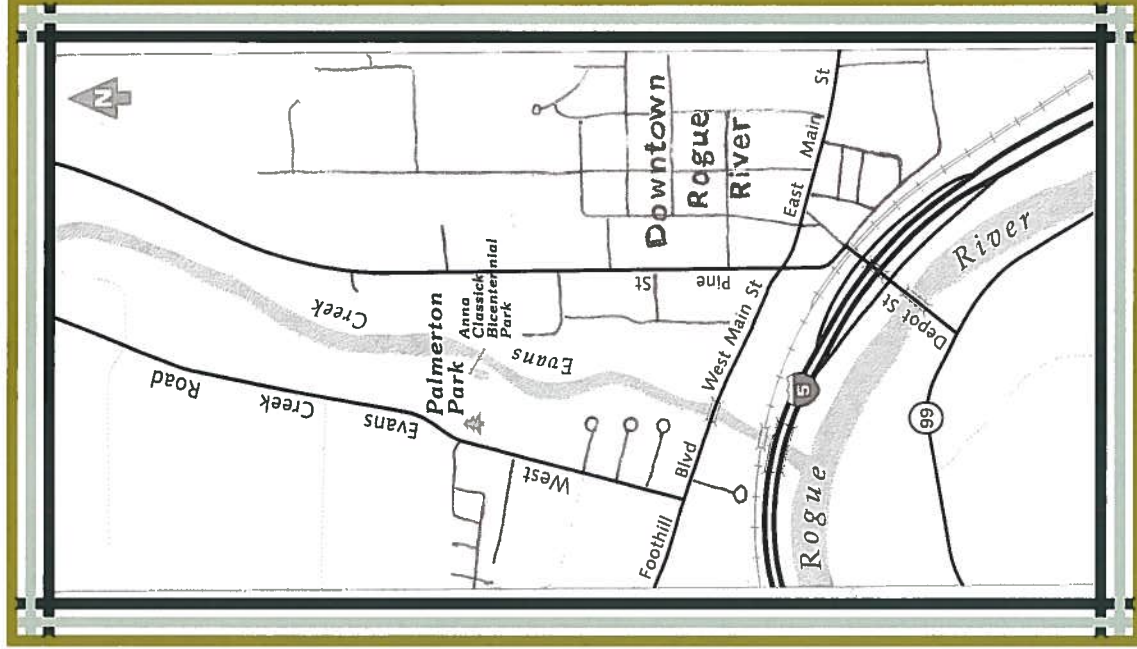

Palmerton Arboretum is part of the City of Rogue River Park system. It was acquired from Jackson County in 1994. The County bought the property from Orin Palmerton who had operated the site as a nursery and had planted many trees of both domestic and exotic species.

There are paved walkways throughout the park. There is a playground with equipment for children of various age levels. There are picnic tables, grills and a covered area for large group picnics, reunions, weddings, etc. To reserve for special occasions, contact Rogue River City Hall at (541) 582-4401.

As an arboretum, the park is intended to give visitors the opportunity to experience a wide variety of trees. The City maintains the park and continues to expand the diversity of species exhibited. Come, enjoy, and try to learn a new tree with each visit.

Please do all that you can to leave the park as beautiful as you found it.

The City of Rogue River was officially designated as a "Tree City, USA" in 1983.
